PHP Developer – LorryZone Technologies Pvt. Ltd.

Job Overview

We are seeking a motivated and detail-oriented PHP Junior Developer with a solid foundation in object-oriented programming and hands-on experience in PHP development. The ideal candidate has at least 1+ years of experience, coupled with basic exposure to Python and familiarity with frontend technologies such as HTML, Bootstrap, and CSS.

The role demands a strong grasp of database management, user authentication, and integrating multiple data sources into cohesive systems. A knack for problem-solving, debugging, and adhering to coding best practices is essential.

Location: Sector – 59, Noida

Experience: 1+ years in software development

Employment Type: Full-Time

Key Responsibilities:

- Develop, test, and maintain scalable web applications using **PHP**.
- Write clean, reusable, and well-documented backend code.
- Implement and maintain user authentication and authorization systems.
- Integrate data from various backend services and databases **(MySQL/NoSQL).**
- Create and manage database schemas to support business processes.
- Troubleshoot and debug issues in existing systems.
- Collaborate with frontend developers to integrate user-facing elements with server-side logic.
- Utilize Git for version control to maintain codebase integrity.
- Adhere to best practices for coding, testing, and deployment.

Requirement & Qualifications:

- 1+ years of experience in software development with a focus on PHP.
- Strong knowledge of object-oriented programming concepts.
- Basic working knowledge of Python and experience with at least one Python-based project.
- Familiarity with HTML, Bootstrap, and CSS for seamless integration of frontend designs.
- Understanding the fully synchronous behavior of PHP.
- Good grasp of accessibility and security compliance standards.
- Strong problem-solving skills and keen attention to detail.
- Knowledge of database technologies and query languages, including MySQL and NoSQL.
- Experience with version control tools, such as Git.
- Excellent debugging and troubleshooting skills.

Why Join Us?

- Opportunity to work on diverse projects and gain experience in both PHP and Python development.
- Collaborative work environment with a focus on innovation and learning.
- Competitive compensation and benefits package.

About Lorryzone

LorryZone is a fast-growing Outdoor Advertising Agency that primarily deals in Advertising on Trucks. We were founded in 2015.

We are a key link between Advertisers and the Transporters or Fleet Owners. LorryZone, in a short period, has earned a significantreputation of being one of the leading Home Advertising Companies in India. Located in Gurgaon, Haryana, **LorryZone** has a huge network of more than five thousand trucks across the country.

LorryZone, on one end, promises the Advertisers a dynamic brand identity and vibrant ad campaign for their product and servicesat the lowest CPI (Cost per Impression), on the other end, it focuses on providing the Transporters and Fleet Owners a fair opportunity to earn some additional profit through the affixed ads on their vehicles.
